

OUR FOOD SAFETY POLICY KWAL-ADM-POL07

Kenya Wine Agencies Limited is committed to establishing, maintaining and improving a Food safety Management System based on FSSC 22000 Certification Scheme. We shall procure, produce, package, warehouse, distribute, market and sell alcoholic and non- alcoholic beverages that meet statutory and legal food safety requirements.

To achieve this, we shall pursue the following Food safety objectives:

1. Meet all statutory and regulatory requirements including mutually agreed customer requirements related to quality and food safety.
2. Include quality and Food safety strategies in the annual business planning process to ensure that food safety and quality remain an integral part of our operations.
3. Set annual measurable quality and food safety objectives at all levels.
4. Continually review quality and food safety policies, standards and procedures to effectively manage food safety risks associated with changes in products, processes and technologies.
5. Establish an effective communication and feedback system that addresses Food safety requirements throughout the organization.
6. Build quality and food safety capability, mindset and culture through structured programmes that develop employees' competencies and technical skills, increase awareness, manage risk and drive increasing levels of excellence across the organization.
7. Align the organizational objectives to reflect changes and reviews arising from both internal and external audits
8. Communicate quality and food safety requirements to suppliers, contractors, customers and consumers and other relevant interested parties by establishing specifications for equipment, ingredients and packaging materials, product storage and distribution and consumer guidelines
9. Apply risk assessment methodology, aligned with the context in which we operate to facilitate our ability to achieve quality and food safety management system objectives
10. Validate the effectiveness of the quality and food safety management systems through internal and external audits processes recognized by the Global food safety initiative.
11. Implement strategies to reduce food loss and waste across our operations
